6) Arrangements for supporting pupils in moving between phases of education and in preparing for adulthood:

At Leigh Academy Langley Park we work closely with the educational settings accessed by the pupils, before they transfer to us, in order to seek the information that will make the transfer as seamless as possible. We have a transition programme which includes transition days, visits to pupils' nursery placements and transition meetings between the class teacher, parents, nursery staff and the SEND team.

We also contribute information to a pupils' onward destination by providing information to the next setting. We have a transition meeting with all secondary schools that our pupils are transferring to. We also take part in the Year 6 to Year 7 transition programme, which is overseen by the Specialist Teaching and Learning Service. Our Year 6 team ensures that pupils are prepared for secondary school and any new routines which may form part of the secondary school experience.

The Year 6 pupils are offered guidance with regards to what they might need to pack in their bags, reading bus timetables, time management as well as reading timetables. All pupils are offered at least one transition day at their new school during Term 6 of Year 6 and pupils with additional needs may be offered additional transition days to further ease the transition.

7) The approach to teaching pupils with SEND:

Leigh Academy Langley Park is an inclusive establishment that offers a broad and balanced curriculum which is specific to the needs and future opportunities of all pupils. It ensures this by:

a) Quality first teaching will be delivered in all areas of the curriculum. Staff are expected to be aware of the needs of all pupils in their classes, and scaffold work accordingly, through adaptive teaching, to meet these needs.

QFT means that some pupils with needs may not require 'additional to and different from' provision.' This will be monitored via regular lesson reviews, learning walks and pupil work reviews by the SENDCo, Academy Leadership Team and Directors of Learning.

b) Offering a range of intervention programmes designed to improve the outcomes of pupils with special educational needs, ensuring they can fully access all areas of the curriculum. These may happen during lessons across two modules.

c) Providing a range of co-curricular and extended learning activities that offer enrichment opportunities for all pupils, including those with special educational needs.

d) Providing a clear reporting system, three times a year, that outlines targets and current achievements.

e) Carrying out regular lesson reviews to ensure that all pupils, including those with special educational needs, are receiving high quality teaching and learning experiences in all areas of the curriculum.

f) Adapting the curriculum to meet the needs of individual pupils if necessary. However, it is important to note that the curriculum is not narrowed for SEND pupils.

g) Ensuring that identified pupils receive the necessary in class support and exam dispensation.

h) Ensuring that all staff receive regular training on all areas of Special Educational Needs and Disabilities

i) Providing a provision mapping system that is accessible to all staff. The software provides details of all pupils with special educational needs, pupils in receipt of pupil premium, higher attaining pupils, looked after pupils and pupils with English as an additional language. Staff will use this system to inform their planning to ensure they are addressing the needs of pupils. It will also be used to track, monitor and review pupils on intervention programmes and provide governors with a clear report in terms of cost, hours and interventions provided,

j) Ensuring all pupils with special educational needs are tested twice a year using tests that provide standardised scores for reading. The results from these tests will be used to identify areas of need and to inform the SENDCo when planning for interventions and exam dispensation.

8) How adaptations are made to the curriculum and the learning environment of pupils with SEND:

At Leigh Academy Langley Park we follow the advice in the Mainstream Core Standards on how to adapt the curriculum and the learning environment for pupils with special educational needs. We also incorporate the advice provided through both internal and external assessments and the strategies described in EHCPs. As a relatively new primary academy, built in September 2016, the learning environment meets the needs of all children, including those with SEN, in the following ways:

wide corridors, carpeted corridors to reduce glare, glass viewing units into all classrooms. The new National Curriculum has been implemented and all staff receive behaviour management training and ASD awareness training as part of their induction. Many staff have also been trained in first aid and attachment as well as dyslexia and ADHD awareness.

Leigh Academy Langley Park follows the IB Primary Years Programme and incorporates the five essential elements of the PYP (key concepts, transdisciplinary skills, transdisciplinary themes, attitudes to learning and action) into the learning engagements for all pupils. This approach to learning provides the foundations for inquiry based learning, through which all children are able to develop their skills and knowledge. The PYP framework is adaptive and inclusive, providing environments for all children to engage through the learner profile attributes and units of inquiry.

Learning Support Assistants are available to provide in class support on an individual or small group basis, in order to support the learning of identified pupils. Where necessary, LSAs will accompany identified pupils on school trips.

13)How Leigh Academy Langley Park involves other bodies, including health and social care bodies, local authority support services and voluntary sector organisations, in meeting pupil's SEND and supporting their families:

According to the Code of Practice 2014, the following must be adhered to:

Children and young people with SEND may need integrated support from education, health and/or social care to help them achieve their ambitions. Working together, these agencies can achieve far more for these children and young people than they can separately, more efficiently and often at a reduced cost. The local offer must set out the range of services available locally to children with SEND and the support that children, young people and families may access outside the local area.

The Academy Board and Leigh Academy Langley Park will liaise and consult with the above mentioned agencies to create an effective local and academy offer that jointly commissions all agencies. It will then adhere to the local and academy offer to ensure that parents/carers and students receive a cohesive, supportive and transparent service. It currently is able to provide services through the Local Authority, Health Authorities and Leigh Academies Trust though the specified referral routes.

The local authority's local offer is published on www.kent.gov.uk and parents without internet access should make an appointment with the SENDCO for support to gain the information they require.

Information, Advice and Support Kent (IASK) provides free, impartial, confidential, advice, support and options around educational issues for parents who have children with special educational needs or disabilities (0-19). They encourage parents to play an active and informed role in their child's education.

14) Arrangements for handling complaints from parents of children with SEND about the provision made at the Academy:

The normal arrangements for the treatment of complaints at Leigh Academy Langley Park are used for complaints about provision made for special educational needs. We encourage parents to discuss their concerns with the class teacher, SENDCO (Mrs Comins) or Principal (Miss Brading) to resolve the issue. If you deem your complaint to still be unresolved after the academy has responded, please submit a formal complaint to the Trust's Academies Director.

The LAT Complaints policy can be found [:here](#)

There are some circumstances, usually for children who have an Education and Health Care Plan, where there is a statutory right for parents to appeal against a decision of the Local Authority. Complaints which fall within this category cannot be investigated by the school.
